both children and parents
will be delighted with the results!**

Running a Little Paintbox Gift Project is easy!

1. Register the children participating in the project

Little Paintbox will supply an Excel class register which is to be completed for each class of children participating in the project, you can also download the class register from our website. Once completed email the register to us. It is very important that the register is supplied to us in a digital format to ensure accuracy when printing.

Choose to have the artists name, a message or artwork title.

Class Register – please complete one form for each class

Class code A (Create a code for each class A, B, C, etc)

Code	Pupils Name	Name on Product	Artwork Title/Message
A01	Lucy Hazell	Lucy	my hands
A02	Mia Richards	Mimi xxx	mummy's bag
A03	Andrew Chalmers	Andy	merry christmas

2. Prepare the paper for the artwork

Little Paintbox will email a blank template – this can also be downloaded from our website where we have a range of design templates that you may find useful for younger children.

The artwork needs to be produced on A4 paper that has been folded 9cm from the top of the page to create a square that is roughly the same shape as the print area.

Draw a line 9cm from the top of the paper

Print the child code, child's name, the name to appear on the product and artwork title above the fold
